ARIS for Business Process Management
Software AG (Jul 2022)

Full-Stack Development: Flutter & Node.js
Udemy (Jun 2020)

Big Data Foundations
WSB University (Jun 2023)

Detail-oriented Full-Stack Developer and UI/UX Designer with a strong background in automation and product development. Proven ability to enhance user experience and drive efficiency through innovative solutions. Seeking to leverage skills in a dynamic tech environment.

EXPERIENCE

Werkstudent, AI, Automation & Product Development   `Mar 2023 – May 2025`

CONRAD ELECTRONIC SE

- Built an intelligent automation ecosystem (Zapier, GPT-4) that reduced support ticket volume by 60% for 400+ B2B partners.
- Managed a UI/UX overhaul of the seller support platform, improving user satisfaction and engagement.
- Designed and developed a functional React/Next.js prototype for a new Zendesk Help Center, enhancing support efficiency.
- Led the project lifecycle, training two interns on automation best practices.

UI/UX Designer   `Apr 2021 – Jul 2022`

HEYSAADHAK

- Delivered a complete system of interactive specifications for a social learning platform, enabling an on-schedule product launch.

Freelance Full-Stack Developer   `Jan 2019 – Dec 2021`

REMOTE / NEW DELHI

- Designed and maintained 5+ responsive websites, increasing organic traffic by 35% for one client through SEO.

Front-End Engineer   `Nov 2016 – Apr 2017`

DESIGN EVEREST

- Rebuilt the corporate website in React, improving key form completion rates by 25%.

PROJECTS

OneTap – Factory Time Tracking IoT System   `2025`

Led full-stack development of an IoT time-tracking system, achieving a System Usability Score of 87.5.

TECHNOLOGIES: SWIFT, NODE.JS, NEXT.JS, SOCKET.IO

Vertical – Smart Hydroponic Farming System   `2025`

Initiated and led product strategy for an in-home hydroponic farming system, securing market validation at the BayStartup conference.

Make or Spot – AI-Generated Party Game

2025

Created a production-ready card game using AI-driven design consistency.

Exceleron – AI-Powered Presentation Platform

2025

Invented a novel Figma-to-interactive-pitch pipeline, resulting in 100% client approval.
